

NEWTON TELLS HIS OWN STORY PLACED ON STAND AT THE TRIAL IN LONDON

London, Oct. 20.—It was decided today to place Dr. Hawley H. Crippen on the witness stand and let him tell his own story of the disappearance of his wife, Belle Elmore, the actress, with whose murder he is charged.

There has been much speculation as to whether Crippen would testify in his own behalf and the decision of his counsel was not made known until just before the resumption of the trial this morning when Arthur Newton announced to the press this course had been determined wise from the standpoint of the defendant's interests.

Doctors, Marshall and Spilsbury, medical experts, who examined the human parts unearthed in the cellar of the cellar of the Crippen home in Hilldrop Crescent, repeated the evidence which they had given in the lower courts. This was in confirmation of the testimony given yesterday by Professor Pepper, the pathologist, who swore that the members were human, but that he could not determine beyond doubt the of the victim.

The cross examination of the experts, in which Lord Chief Justice Alverstone, who is presiding, joined, centered on the alleged scar on the body, which the defense contends was only a fold in the skin.

Alfred Aspinall Tobin, chief counsel for Crippen, plied Drs. Spilsbury and Marshall with searching inquiries, but the medical men were not shaken from

their assertion that the mark had been left from the wound of an operation that no sebaceous gland was discovered in the scar area. Dr. Spilsbury agreed that if the presence of a sebaceous gland was established, it would be conclusive evidence that the mark was not a scar.

Crippen, paler than any time before followed the evidence with staid intentness.

William H. Wleox, the scientific analyst to the home office, testified to having discovered in the body of a poison which he was satisfied had been taken through the mouth and was the cause of death. The poison he said was used by homeopaths as was suggested by the defense.

The medical evidence closed the case for the prosecution and the star in the court room as Mr. Tobin rose to address the court showed the keen interest with which the announcement of the line of defense was awaited. This interest was whetted by the first sentence of counsel, who confirmed his earlier statement to the press that Crippen would enter the witness box immediately when his attorney had concluded his address. Medical witnesses would follow, Mr. Tobin said, one of whom had the highest reputation as a microscopic expert, would give conclusive reasons why the mark on the skin was not a scar. Similarly an authority on poison would testify that the alkaloid found in the body might be easily animal alkaloid developed after death.

The defense, as is now known, will attempt to prove that the body found in Crippen's home was not that of his wife.

W. T. Hall returned this morning from Montgomery.

C. W. Parks of the Park Stock Co., spent last night in the city.

Misses Mayne Faircloth and Bessie Whiddon left this morning to attend the state fair at Montgomery.

Dr. T. M. Barnette and Marvin Black went to Montgomery this morning for a visit to the fair.

R. E. Oliver made a business trip to Columbia today.

Robin Hood Shells

Following is an extract from a letter from Geo. Hemm, who has hunted in and around Dothan several seasons.

"It pleases me to know you are handling the Robin Hood shell, as I am sure they will give general satisfaction, as I have been using them the last three years. I have used all the makes of shells and of powder, and for hard shooting and little recoil the Robin Hood has them all beat-block."

Many Wiregrass People Attend The Exposition

SPECIAL DAY AT EXPOSITION
 WELL ATTENDED BY
 DOTHAN PEOPLE

By C. Gordon McKinley in The
 Montgomery Advertiser, Oct. 21.
 Wiregrass day dawned at the
 exposition with many Southeast
 Alabama people present, the ex-
 hibits are all practically ready,
 but a few now being left to fin-
 ish their decorations. Delays so
 far caused have been those by the
 railroads in misplacing their ship-
 ments, and are not the fault of
 the management or exhibitors.

The education and exhibition
 department of the great plant are
 complete, the free shows are in
 full operation, the race track is in
 full swing, only the midway is to
 be finished. These shows were
 held up at cities of the fair circuit
 which failed to give sufficient
 patronage, making the show peo-
 ple unable to meet obligations.

For this reason the midway at-
 tractions were attached at cities
 toward the north, as the entire
 Pullman outfit was in Birming-
 ham during the fair there in
 1910. It has worked a hardship
 on the Alabama Exposition for

there are many folks who pay as
 much attention to the fun to be
 had as they do to the informa-
 tion they are enable to receive.
 However, the shows are due to
 arrive Saturday, and if they do,
 all will be well.

Intelligent people are express-
 ing appreciation of the splendid
 show being held here. The agri-
 cultural exhibits are larger, great-
 er in number and more interest-
 ing than those of any three cities
 of the South, combined, that have
 been held so far this fall.

The machinery department is
 100 per cent ahead of anything
 ever attempted in the South. The
 chicken farm, instead of the usual
 fair tent with a mix mass of fowl
 huddled about is almost an ex-
 position in itself, and far surpasses
 anything ever attempted in
 the South. Its particular interest
 lies in the fact that its especial
 building is a great chicken farm
 house every department of which
 has the most modern appointment.
 The building covers almost a
 third of an acre.

Live Stock Being Received.

The live stock buildings will be

PRINCE PATCHEN WINS IN STRAIT HEATS

Takes the 2:17 Pace Without
 Any Trouble Worth Men-
 tioning.

Montgomery, Oct. 21.—It was
 just about sundown yesterday
 when the fourth and last heat
 of the 2:15 trot wound up a high-
 ly successful first day's racing
 at the fair.

In the 2:17 pace, Prince Patch-
 en, the bay pacer owned by Dr.
 Vickers of Abbeville, won in
 straight heats, Mike Green driv-
 ing an unusually clever race. On
 the whole he was as smooth-gait-
 ed as you please, only making a
 bad skip once during the three
 miles that he traveled—this was
 in the second heat when he and
 Pandora Lady both went up in
 the air on the first turn. Green
 got the Henry county pace to go-
 ing good before the quarter was
 reached and from then on he had
 the heat at his mercy. Taylor,
 however, had trouble in getting
 his mare straightened out and
 finished last in the heat which
 was the fastest of the three miles.

Fanny Woodburn, a mare own-
 ed by O. H. Meyers of Arthur,
 Ill., was easily the best of the

Alleged Dynamiters May Be On Steamer

SECRETARY KNOX SENDS IN-
 FORMATION TO GOV.
 GILLETT

San Francisco, Oct. 20.—Infor-
 mation that may lead to the appre-
 hension of three men believed to
 have been involved in The Los
 Angeles Times dynamiting case,
 was received yesterday by Gov-
 ernor Gillett from Secretary of
 State Knox, who wired the Cali-
 fornia executive that the State
 Department was in receipt of ad-
 vices from Mexican authorities
 that three suspects were thought
 to be aboard a Pacific Mail steam-
 er from San Francisco for Mexi-
 can and South American ports.
 Secretary Knox in the telegram
 asked whether the men should be
 kept under surveillance or wheth-
 er they should be arrested when
 the boat put in at San Benito.

Governor Gillett immediately
 forwarded the information to
 District Attorney J. D. Freder-
 ick and Chief of Police Galloway
 of Los Angeles, then notified Sec-
 retary Knox that he would give
 the State Department specific in-
 structions as soon as a reply was
 received from the Los Angeles au-
 thorities.

The name of the steamer was
 not given in the Washington mes-

sage, but the liner is believed to
 be the Acapulco, which sailed
 from this port on October 5, four
 days after the Times building
 was destroyed

AN APPEAL FOR THE BOOKS

Four years ago, when I came
 to Dothan, the Dothan City
 Schools had no library. From
 time to time since then, we have
 bought books and some have been
 given us. We now have a library
 of about 1,200 volumes, but we
 need more—many more. I have
 inspected the list of books offered
 in the Eagles Library contest,
 and can say in behalf of the
 school that we would appreciate
 any assistance from the public in
 securing Library Coupons. It is
 only necessary to call for the
 coupons when you make cash
 purchases, for most of the stores
 will furnish them.

Respectfully,
 J. V. Brown, Supt.
 Dothan City Schools.

Mrs. J. L. Domingus left this
 morning for a visit to her daugh-
 ter Mrs. B. T. Hughes at Esto,
 Fla.

Rev. Henry T. Johnson left
 this morning for Coffee Springs.

MILLINERY

We are especially
 strong in this line this
 season and are show-
 ing the newest ideas.
 A visit to this depart-
 ment will convince
 you.
